

Product Facts & Features

MAXIFIRM SKIN RENEWAL COMPLEX

DESCRIPTION:

Maxifirm tackles the unwanted signs of aging skin. Independent clinical studies show that Maxifirm increases skin's firmness by 20% and skin density improves by up to 77.2% after only four weeks! Anyone who desires more toned, tightened skin will benefit from consistent use of this skin renewal complex breakthrough.

KEY INGREDIENTS:

- Soluble Collagen - highly flexible, elastic, hydrophilic (absorbent)
- Glycosaminoglycans – increases hydration, elasticity and pliability of the skin
- Silk Amino Acids - helps moisture penetrate the skin, while protecting the skin from dehydration and leaving skin feeling silky soft

BENEFITS:

- Increases the flexibility, firmness while it lifts, tightens and tones slack skin.
- Helps lift and tone sagging skin above the eye, on the jawline, forehead, neck and jowls.
- Especially beneficial for anyone who is experiencing loss of skin tone and firmness.

APPLICATION:

For optimum results, Maxifirm MUST be used twice daily for at least the first 30 days. Cleanse, apply freshener to the skin with a cotton pad, allowing the skin to dry before applying Maxifirm. Massage Maxifirm gently on the entire face, concentrating on areas with loss of firmness, flexibility and tone. Allow Maxifirm to penetrate into the skin completely before applying moisturizer. For maintenance, continue using at least once a day. Do not layer with Dermaplex A.

RECOMMENDATIONS:

All skin types

- Men and Women: Exceptionally effective to firm, tone and increase elasticity on areas where gravity has begun to take its toll.
