

Product Facts & Features

REJUVENATING FOOT CREAM

DESCRIPTION:

A special treat for your feet that softens and intensively moisturizes. This cooling, calming and energizing foot cream soothes your tired feet with a refreshing peppermint scent for your senses. Enjoy a spa-like experience anytime of the day!

KEY INGREDIENTS:

- Sodium Lactate-a natural moisturizer, humectant (brings water to itself) and pH regulator
- Peppermint Oil-naturally cooling, calming and energizing properties
- Sunflower Oil-natural oil that is high in antioxidant rich vitamin E

BENEFITS:

- Peppermint scent can soothe you to sleep at night or energize your senses in the morning.
- Has a cooling and calming effect on the body to help relieve tension in the sore muscles of the feet.
- Nourishes and rehydrates the thicker skin of the feet without feeling heavy or greasy
- Light texture with a fresh scent that leaves skin feeling refreshed
- For all skin types

APPLICATION:

Massage into your feet each morning to energize your feet all day and in the evening to calm and soothe tired feet after a long day.

COMPLETE INGREDIENT LIST:
