

Product Facts and Features

TIME ERASE AHA SLOW RELEASE SERUM

DESCRIPTION:

Target serum designed to help fade age spots, freckles and the appearance of scars and enlarged pores, as it reduces lines around the eye and lip area. Stimulates the production of new collagen and elastin, giving the skin renewed elasticity and strength.

KEY INGREDIENTS:

- **Alpha Hydroxy Acids** - natural exfoliants that leave skin softer, smoother and radiant
- **Lemongrass Oil** - purifying, refreshing and hydrating
- **Geranium Oil** - promotes the regeneration of skin cells and stimulates circulation

BENEFITS:

- Formulated with 10% Alpha Hydroxy Acids - unique slow-delivery system
- Helps fade age spots and the appearance of scars
- Strengthens collagen and elastin fibers
- Reduces lines around the eyes and lips
- Helps to reduce the appearance of enlarged pores
- Improves cell renewal

APPLICATION:

Apply to targeted areas once daily for 7 days, then increase to twice daily. Massage gently with fingertips. Allow Time Erase to penetrate the skin for approximately five minutes before applying moisturizer or additional treatment products.

Caution: A small percentage of individuals may experience a slight reddening of the skin with initial use of the product. This is temporary and subsides as the skin acclimates to the product within 3-4 applications.

RECOMMENDATIONS & SUGGESTIONS:

All skin types

- Women: Wonderful as an anti-aging treatment to improve the look and texture of skin
- Men: Perfect to reduce the appearance of scars and enlarged pores

COMPLETE INGREDIENT LIST:
