The **POWER** of

Aloe

...a Difference You
can See and Feel.

<https://lbri.com/jjstar>
JjStar-Lbri@outlook.com
608-558-2744

Why aloe? Simply stated, **ALOE WORKS!** Aloe has *healing* properties that actually help with strengthening and thickening the cellular wall of the skin. Aloe's ability to *rebuild*, *regenerate* and *restore* delivers more anti-aging benefits and *improves* overall skin health.

There are hundreds of varieties of aloe, but we use the "best of the best"
Aloe Vera Barbadosensis Miller.

We process the aloe to get the highest grade possible. Each leaf is hand-filleted to remove the inner gel, not ground whole leaves or dried leaf powder. We use a cold stabilization process to retain 100% of the aloe's healing properties, not a heat process that can literally "cook out" those unique properties.

SUPERIOR *Ingredients* for Superior Results.

It's not just our high-quality aloe that sets us apart. It's also the superior ingredients we put with it. We don't use ingredients that are harmful to you or your skin. **When you COMPARE, you'll understand the difference.**

ALOE vs. WATER

for better hydration, healing and nourishment.

RESTORING HERBS vs. WAXES & PORE CLOGGING OILS

to avoid attracting dirt and clogging pores.

REJUVENATING VITAMINS vs. DRYING ALCOHOLS

to avoid dehydrating the skin.

FRUIT AND PLANT ESSENCES vs. HARMFUL SYNTHETIC FRAGRANCES

for naturally pleasant scents that avoid the allergens of commonly used chemicals.

NATURAL BOTANICALS vs. ARTIFICIAL FD&C DYES

further reducing the risk of allergens and irritants.

SAFE, FOOD-GRADE PRESERVATIVES vs. HARMFUL PRESERVATIVES (PARABENS)

that could be bad for you and the environment.

Synergistically Designed to Create Harmony and Balance.

Our products are specially formulated to work together to deliver optimum results. So *please* don't mix your skin care brands. Instead, follow our simple five-step process **TWICE DAILY** so our products can work in harmony to achieve the proper pH balance and deliver *healthier, younger, more beautiful* skin. If proper pH is not maintained, your skin may be more prone to breakouts and to showing premature signs of aging, such as wrinkles, crow's feet, and UV damage.

Safe, Effective, Affordable

If it goes on your skin or in your body, you want to know what's inside. *We get it.* We post our product ingredients where you can see them any time at **lbri.com**. Once you see our products working, we believe you will be back time and time again. And you can be confident that our products are:

With L'BRI you get *more quality* for *less money*. We don't use expensive packaging because it does nothing to help your skin! And, it leaves you with more money to try more L'BRI products. Using L'BRI can be habit forming, so it's a *good thing* that a little L'BRI goes a long way!

**All our products are gluten-free except Rejuvenating Facial Peel.*

Naturally Good & Environmentally Safe

Our goal in formulating L'BRI skin care, hair, body and wellness products is to provide a line that is as natural as it can be for being man-made. That means we use naturally derived ingredients as much as possible, then combine with safe, food-grade preservatives to keep them stable. We also care about our environment. All of our product containers are recyclable and our packing peanuts are biodegradable.

SKIN CARE

for all skin types, ages, genders

Our unique skin care formulas include **aloe** as the **FIRST** ingredient. Aloe is a *natural anti-inflammatory*, which is why our skin care is perfect for all skin types – including those with sensitive skin.

We chose **aloe** because of its unique healing and rejuvenating properties, and its ability to work synergistically with botanicals, anti-aging peptides, vitamins, and minerals.

With more than 75 nutrients, minerals and vitamins, L'BRI aloe-based skin care products will give you visibly clearer, healthier, younger-looking skin.

Bottom line...

No matter what your skin type, we have a skin care regimen specially formulated for your needs!

I got sick of settling when it came to skin care. The L'BRI product line has helped me incorporate more natural products into my lifestyle at an affordable price, and the products are amazing! I have extremely sensitive skin and most products make me break out and get rashes (gross!). L'BRI makes my skin feel great; refreshed and balanced. You won't see this gal purchasing from anywhere else.

—Whitney

L'BRI brings *Balance*

DID YOU KNOW many products in the marketplace can actually create skin conditions? This happens when they coat the skin instead of working from within to replenish skin and balance pH levels.

To get the most out of our skin care products, it's important to **UNDERSTAND** your **SKIN TYPE** and choose the products that will work best for you. Depending on which products you have previously been using, you may see benefits immediately, or over time.

If your skin is:

Then we recommend:

COMBINATION

- Two or more skin types on various parts of the face (e.g., shiny T-zone)
- Rarely blemishes
- Occasionally feels dry or oily

Combination or Deep Pore

If you experience breakouts then use the Deep Pore.

DRY

- Feeling of tightness
- Lack of sheen, matte finish
- Sometimes sensitive, easily irritated

Extra-Dry or Gentle

You may need to adjust for the season as the colder, dryer conditions of winter may be more dehydrating to your skin.

NORMAL

- Not too dry or oily
- Few, if any blemishes
- Barely visible pores

Gentle or Deep Pore

If you tend toward dry then use Gentle. If your skin is a little oily then use Deep Pore.

OILY

- Exhibits a shiny appearance
- Feels oily
- Visible medium-to-large pores

Deep Pore

Refines pores and manages breakouts without drying. Contains witch hazel and pine bark extract to protect the skin from bacteria.

BLEMISH-PRONE

- Often excessively oily
- Frequent blemishes or acne
- Visible medium-to-large pores

Oil-Control

Consistent use is essential and very effective in eliminating clogged pores, helping pores look more refined, and bringing balance to excessively oily skin.

- *Withhold the freshener for the first two weeks as it may slightly exacerbate the flushing period. Then apply once a day for a week, then go to twice daily.*
- *Exfoliants and masques are essential to your routine so you are treating skin affected by blemishes and oiliness, not dead skin cells.*
- *Spot treat blemishes with KlearAway then moisturize the areas not treated with Aloe Jelly. Do not apply additional products over the KlearAway.*
- *Clarifying Clay Masque should be used on acne-prone areas a minimum of three times a week. Use daily to speed healing and control oil.*

I was in search of a new skin regimen because my skin was flaky and dry. Other regimens I had used would leave my skin looking oily and so I wanted something that was going to work with my skin to help keep it moisturized but not look oily, help with the redness and wasn't extremely expensive. Thankfully I found the Gentle Skin Care Trio. After the first use I felt a difference, my face felt fresh and clean as well as soothed and moisturized. After consistently using it just one week my flakes were gone. The lotion is just the right moisture for my face too! Highly recommend for sensitive skin during any season.

Love the new baby line. I know exactly what natural ingredients are going on my little guy's delicate skin. Prior to L'BRI, my little guy has suffered from dry skin for months. We have tried every product imaginable even getting a lotion prescription (with steroid cream...boo!) from the doctor. Three weeks of the baby lotion and there isn't a dry spot to be found on his soft self. I'm so happy L'BRI developed the baby line to go along with their already fabulous products.

I have had three shoulder surgeries that have resulted in limited mobility and much arthritic pain. On my worst days, SuperAloe is my best ally. It significantly aids in pain relief, and I appreciate that I don't smell like a medicine cabinet when I leave the house. Works great on the neck to relieve tension headaches, too!

Hear what our *Leaders* are saying
about sharing L'BRI with others.

It all started "just for fun" when I began. My friends got interested and jumped aboard, so I started to build a team. It was fun and it was good money! The biz began to build and my confidence grew. With L'BRI I have traveled to magical places and experienced great friendships and relationships. I have the flexibility and freedom I only once dreamed of having. I was one of those "skeptics" turned into a believer who has seen my dreams and goals materialize. Give it a try! How do you know unless you say yes?

Laurie Atwater
Senior Executive Manager

No matter how busy things seem to get, I always come back to the fun and relationships that I have with L'BRI. I spend time with my family, my church and even went to school to become a registered nurse. I am able to follow my heart and enjoy the many blessings that have been part of my journey. Through it all, my L'BRI family is there for me. It truly is a company like no other.

Jennifer Piala
Executive Manager

I 'fired' my boss to spend more time with my husband, Dan, who was in the end stages of kidney failure. I was then able to donate a kidney, allowing Dan to receive a Living Kidney Donation. I credit my L'BRI business and the wonderful women on my team, my blessed friends, for making it possible to recover from the surgeries and live the journey of this miracle. Now Dan and I enjoy traveling together at a moment's notice if we want, thanks to the flexibility of L'BRI. I love seeing my business grow - even when I'm on vacation!
