OUR
L'BRI
PURE n' NATURAL

Mission

We enrich lives

by providing aloe-based products that are safe, natural, effective and affordable.

We create opportunities

for individuals to achieve their fullest potential.

We believe in dreams

that change lives for the better.

The **POWER** of

Aloe

...a Difference You
can See and Feel.

<https://lbri.com/jjstar>
JjStar-Lbri@outlook.com

At L'BRI, we use aloe vera, not water, as the main ingredient in all of our skin care products. Why aloe? Simply stated, **ALOE WORKS!** Aloe has *healing* properties that actually help with strengthening and thickening the cellular wall of the skin. Aloe's ability to *rebuild*, *regenerate* and *restore* delivers more anti-aging benefits and *improves* overall skin health.

There are hundreds of varieties of aloe, but we use the "best of the best"
Aloe Vera Barbadosensis Miller.

We process the aloe to get the highest grade possible. Each leaf is hand-filleted to remove the inner gel, not ground whole leaves or dried leaf powder. We use a cold stabilization process to retain 100% of the aloe's healing properties, not a heat process that can literally "cook out" those unique properties.

SUPERIOR *Ingredients* for Superior Results.

It's not just our high-quality aloe that sets us apart. It's also the superior ingredients we put with it. We don't use ingredients that are harmful to you or your skin. **When you COMPARE, you'll understand the difference.**

ALOE vs. WATER

for better hydration, healing and nourishment.

RESTORING HERBS vs. WAXES & PORE CLOGGING OILS

to avoid attracting dirt and clogging pores.

REJUVENATING VITAMINS vs. DRYING ALCOHOLS

to avoid dehydrating the skin.

FRUIT AND PLANT ESSENCES vs. HARMFUL SYNTHETIC FRAGRANCES

for naturally pleasant scents that avoid the allergens of commonly used chemicals.

NATURAL BOTANICALS vs. ARTIFICIAL FD&C DYES

further reducing the risk of allergens and irritants.

SAFE, FOOD-GRADE PRESERVATIVES vs. HARMFUL PRESERVATIVES (PARABENS)

that could be bad for you and the environment.

Synergistically Designed to Create Harmony and Balance.

Our products are specially formulated to work together to deliver optimum results. So *please* don't mix your skin care brands. Instead, follow our simple five-step process so our products can work in harmony to achieve the proper pH balance and deliver *healthier, younger-looking, more beautiful* skin. If proper pH is not maintained, your skin may be more prone to breakouts and to showing premature signs of aging, such as wrinkles, crow's feet, and UV damage.

Safe, Effective, Affordable

If it goes on your skin or in your body, you want to know what's inside. *We get it.* We post our product ingredients where you can see them any time at **lbri.com**. Once you see our products working, we believe you will be back time and time again. And you can be confident that our products are *aloe-based, paraben & sulfate free, cruelty free and gluten free**.

With L'BRI you get *more quality for less money*. We don't use expensive packaging because it does nothing to help your skin! And, it leaves you with more money to try more L'BRI products. Using L'BRI can be habit forming, so it's a *good thing* that a little L'BRI goes a long way!

**All our products are gluten-free except Rejuvenating Facial Peel.*

Naturally Good & Environmentally Safe

Our goal in formulating L'BRI skin care, hair, body and wellness products is to provide a line that is as natural as it can be for being man-made. That means we use naturally derived ingredients as much as possible, then combine with safe, food-grade preservatives to keep them stable. We also care about our environment. All of our product containers are recyclable and our packing peanuts are biodegradable.

Our Customer Satisfaction Guarantee

We're confident that you're going to love your L'BRI products and, with proper and consistent use, you'll see and feel a difference in your skin. That's why L'BRI products carry our Customer Satisfaction Guarantee. If you aren't completely satisfied with your purchase, simply return or exchange the product within 60 days of your original order date.

SKIN CARE

for all skin types, ages, genders

Our unique skin care formulas include **aloe** as the **FIRST** ingredient. Aloe is a *natural anti-inflammatory*, which is why our skin care is perfect for all skin types – including those with sensitive skin.

We chose **aloe** because of its unique healing and rejuvenating properties, and its ability to work synergistically with botanicals, anti-aging peptides, vitamins, and minerals.

With more than 75 nutrients, minerals and vitamins, L'BRI aloe-based skin care products will give you visibly clearer, healthier, younger-looking skin.

Bottom line...

JjStar-Lbri@outlook.com

No matter what your skin type, we have a skin care regimen specially formulated for your needs!

I got sick of settling when it came to skin care. The L'BRI product line has helped me incorporate more natural products into my lifestyle at an affordable price, and the products are amazing! I have extremely sensitive skin and most products make me break out and get rashes (gross!). L'BRI makes my skin feel great; refreshed and balanced. You won't see this gal purchasing from anywhere else.

SELECT your Skin Type

To get the best results from our skin care products, it's important to first **IDENTIFY** your **SKIN TYPE**.

Use the chart below to discover the L'BRI **TRIO** we recommend to **CLEANSE**, **FRESHEN** and **MOISTURIZE** your skin *twice daily*. Then, you'll be on your way to a great skin care regimen.

If your SKIN TYPE is:

Start with our:

COMBINATION

- Two or more skin types on various parts of the face (e.g., shiny T-zone)
- Rarely blemishes
- Occasionally feels dry or oily

Combination or Deep Pore Trio

If you experience breakouts then use Deep Pore. If you have T-zone oiliness, use Combination.

DRY

- Feeling of tightness
- Lack of sheen, matte finish
- Sometimes sensitive, easily irritated

Extra-Dry or Gentle Trio

You may need to adjust for the season as the colder, drier conditions of winter may be more dehydrating to your skin.

NORMAL

- Not too dry or oily
- Few, if any blemishes
- Barely visible pores

Gentle or Deep Pore Trio

If you tend toward dry then use Gentle. If your skin is a little oily then use Deep Pore.

OILY

- Exhibits a shiny appearance
- Feels oily
- Visible medium-to-large pores

Deep Pore Trio

Refines pores and manages breakouts without drying. Contains witch hazel and pine bark extract to protect the skin from bacteria.

BLEMISH-PRONE

- Often excessively oily
- Frequent blemishes or acne
- Visible medium-to-large pores

Oil-Control Trio

Consistent use is essential and very effective in eliminating clogged pores, helping pores look more refined, and bringing balance to excessively oily skin.

The *Right* Products, the RIGHT

WAY!

Once you select your personalized skin care **TRIO**, we'll introduce you to two additional steps to create your comprehensive skin care regimen. Follow all **FIVE BASIC STEPS**, for beautiful, healthy, younger-looking skin.

Here's an overview:

1 CLEANSE
to remove impurities and dirt

2 Exfoliate
to remove dead skin cells

3 FRESHEN
to restore pH balance and prepare the skin to absorb needed moisture

4 Specialty Treatments
to address specific needs and areas of the face

5 MOISTURIZE
to naturally nourish and hydrate

Did you know that many products in the marketplace can actually create skin conditions? This happens when they coat the skin instead of working from within to replenish skin and balance pH levels.

ONE, TWO, *Trio!*

The foundation of a good skin care program.

A comprehensive skin care regimen starts with a **cleanser** to clean the skin, a **freshener** to correct pH and a **moisturizer** to replenish and hydrate. Choose the trio that's **best for your skin type** (see pg. 6 for more details) and use **TWICE DAILY** for healthier, more beautiful skin.

Tips for blemished skin:

- Withhold the freshener for the first two weeks as it may slightly exacerbate the flushing period. Then apply once a day for a week, then go to twice daily.
- Exfoliants and masques are essential to your routine so you are treating skin affected by blemishes and oiliness, not dead skin cells.
- Spot treat blemishes with KlearAway then moisturize the areas not treated with Aloe Jelly. Do not apply additional products over the KlearAway.
- Clarifying Clay Masque should be used on acne-prone areas a minimum of three times a week. Use daily to speed healing and control oil.
- It's not uncommon to experience mild flushing or an increase in blemishes during the initial corrective process. Depending on the skin issue, this may take anywhere from a few days to a few weeks.

your bundle of joy.

Love the new baby line. I know exactly what natural ingredients are going on my little guy's delicate skin. Prior to L'BRI, my little guy had suffered from dry skin for months. We have tried every product imaginable even getting a lotion prescription (with steroid cream...boo!) from the doctor. Three weeks of the baby lotion and there isn't a dry spot to be found on his soft self. I'm so happy L'BRI developed the baby line to go along with their already fabulous products.

SuperAloe Multi Function Pain Relief Cream

SuperAloe combines proven multiple pain-fighting ingredients into one product, helping to lessen the symptoms of arthritis pain, shoulder pain, muscle sprains, backaches, hip pain, tendonitis, knee pain, neck pain, and bruises. If pain is keeping you from doing the things you love, then you've got to give SuperAloe a try.

4 oz. **\$28.95** #7001

I have had three shoulder surgeries that have resulted in limited mobility and much arthritic pain. On my worst days, SuperAloe is my best ally. It significantly aids in pain relief, and I appreciate that I don't smell like a medicine cabinet when I leave the house. Works great on the neck to relieve tension headaches, too!

Hear what our new *Leaders* are saying...

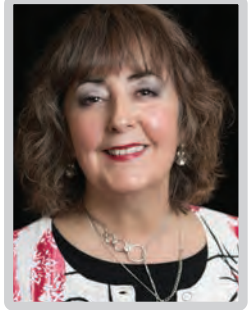

My passion for L'BRI started after seeing a dramatic transformation of my skin. But then I asked myself "What could I possibly have to lose if I started as a Consultant?" The answer was "Nothing...but imagine all I can gain if I am successful!"

I want to assure you, if this driven and busy Mama of three-under-three can do this, YOU CAN TOO! L'BRI transformed my life more than I could have ever imagined! I feel truly blessed and humbled to be a part of a business that changed my face and continues to change my family and my life for the better.

Sophie Simms | Executive Manager

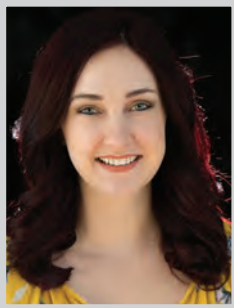

When my previous company closed its doors, I had to start my business all over again while working my full-time job. But L'BRI was a totally different experience, with training and support for new Consultants like I'd never seen before. I even earned a free trip after four months! And with L'BRI, my skin keeps looking better and better. Between the products and the people, I cannot imagine life without L'BRI in it. I am so thankful I decided to give L'BRI a try.

Linda Alfonso | Executive Manager

I am beyond thankful for L'BRI and this wonderful opportunity I now get to share with others! Linda and Brian have created such a beautiful company that promotes love and support and integrity. I am so very thankful for the friendships and personal growth L'BRI has fostered in my life. What started as a hobby as a stay-at-home mom has turned into a business that can pay the mortgage and comes with a free car! I love teaching about hydrophilic skin care and I just can't help but share these products with everyone I meet!
